

# Blow the Whistle on Cheney, the 9-11 Cover-Up!

## No to The Global Police State!

"I will name Vice President Richard Cheney as the prime suspect in the mass murders of 9/11 and will establish that, not only was he a planner in the attacks, but also that on the day of the attacks he was running a completely separate Command, Control and Communications system which was superceding any orders being issued by the FAA, the Pentagon, or the White

House Situation Room;

"I will establish conclusively that in May of 2001, by presidential order, Richard Cheney was put in direct command and control of all wargame and field exercise training and scheduling through several agencies, especially FEMA. This also extended to all of the conflicting and overlapping NORAD drills — some involving hijack simulations — taking place on that day.

"I will also demonstrate that the TRIPOD II exercise being set up on Sept. 10th in Manhattan was directly connected to Cheney's role in the above.

"I will also prove conclusively that a number of public officials, at the national and New York City levels, including then-Mayor Rudolph Giuliani, were aware that flight 175 was en route to lower Manhattan for 20 minutes and did nothing to order the evacuation of, or warn the occupants of the South Tower. One military officer was

forced to leave his post in the middle of the attacks and place a private call to his brother - who worked at the WTC - warning him to get out. That was because no other part of the system was taking action.

"I will also show that the Israeli and British governments acted as partners with the highest levels of the American government to help in the preparation and, very possibly, the actual execution of the attacks."

Michael Ruppert, researcher, Ex-LAPD Narcotics Investigator, publisher of From the Wilderness, in a speech to the Commonwealth Club regarding "The Truth and Lies of 9-11," describing his new book - Crossing the Rubicon: The Decline of the American Empire at the End of the Age of Oil, published by New Society Publishers

9-11 is being used as a pretext for war, to strip people of rights, to crush dissent, for the militarization of the US, as outlined by the think tank, Project for a New American Century, which stated "the process of [military] transformation is likely to be a long one, absent some catastrophic and catalyzing event - like a New Pearl Harbor."

The Official 9-11 Cover-Up Commission has failed to answer the basic questions about 9-11. Half (49.3%) of New York City residents and 41% of New York citizens overall say that some of our leaders "knew in advance that attacks were planned on or around September 11, 2001, and that they consciously failed to act," according to a Zogby poll.)

***A Global 9-11 Truth, Peace and Justice Movement is rising up!***

Cheney believes "it's not necessary to suppress the truth forever, only until it doesn't matter anymore."
